Premium Quality

Description

The Signode CU-25 Strap Cutters

The Signode CU-25 strap cutters are ergonomic, quick and easy to use cutters for Apex® and Magnus® steel strapping with the dimension of max. 50 x 1.65mm.

The long handles enable sufficient force to be applied to cut even the heaviest gauge strapping.

The CU-25 is also available with pneumatic pusher (CU-25 MPH) to simplify the strap insertion under tensioned straps or with a pneumatic cutter unit (CU-25 pneum.) for an effortless usage.

Cutting straps incorrectly can cause injury so please take the required precautions.
